STATE DEPARTMENT FOR INDUSTRY

“Preferential Procurement Master Roll No.1of 2025”

ISSUED ON THE 15<sup>TH</sup> APRIL, 2025

Issued by the *Ministry of Investment, Trade & Industry*

PRINTED BY THE GOVERNMENT PRINTER. NAIROBI

## **FOREWORD**

It is with great pleasure that I present the Preferential Procurement Master Roll No. of 2025. This document is a significant tool in implementation of Buy Kenya Build Kenya strategy and specifically the initiative requiring all ministries, State departments and Agencies to devote a minimum 40% of their procurement budget in procurement of local goods and services. This document is crucial as it contains the list of Products that are manufactured locally and that should enjoy Preferential Procurement in line with the Buy Kenya Build Kenya strategy and the local content policy.

Production of this Master Roll reflects a collaborative effort by various stakeholders that include the State Departments, the Government Agencies, and the Business Associations led by Kenya association of Manufacturers. This Master Roll builds upon the Master Roll No.1 of 2024 which is now officially replaced.

I believe that this document will significantly contribute to achievement of the Key Mandate of the State Department of promoting industrialization, and also in implantation of the manufacturing pillar in the BETA Agenda - by reversing the trend of higher demand for consumption of imports rather than locally produced goods and services.

I would like to express my sincere gratitude to all those who contributed to the development of this document. Their dedication and expertise have been instrumental in its production.

I am confident that this document will be a valuable resource for ministries, departments and agencies and will play a vital role in helping the procurement department to fulfill their mandate in promoting local content.

Juma Mukhwana, PhD, CBS
